The Department of Radiology
University of Ottawa

2010 Weekend Radiology CME Updates

NEUROIMAGING/HEAD & NECK RADIOLOGY UPDATE
IMAGERIE DU SYSTÈME NERVEUX ET OTO-RHINOLARYNGOLOGIQUE: MISE-À-JOUR
March 5–7, 2010  •  Du 5 au 7 mars 2010
Fairmont Tremblant, Mont Tremblant, Québec
Sample the Old-World Flavor of Europe Over a Long Winter Weekend!

CO-COURSE DIRECTORS
Cheemun Lum, MD, FRCP, University of Ottawa
Marlise Santos, MD, MSc, University of Ottawa

GUEST FACULTY
David M. Yousem, MD, MBA,
Johns Hopkins Hospital & Health System

CROSS-SECTIONAL IMAGING OF THE ABDOMEN AND PELVIS: AN UPDATE
IMAGERIE SECTIONNELLE ABDOMINO-PELVIENNE: MISE-À-JOUR
May 14-16, 2010  •  Fairmont Château Laurier, Ottawa, Ontario
Enjoy the Spring Tulip Festival in Canada’s Capital City

CO-COURSE DIRECTORS
Najla Fasih, MBBS, FRCR, University of Ottawa
Ania Z. Kielar, MD, FRCPC, University of Ottawa

GUEST FACULTY
Alec J. Megibow, MD, MPH, FACR,
New York University-Langone Medical Center
Caroline Reinhold, MSc, MDCM, FRCPC,
McGill University Health Centre

www.ottwaradcme.com
INTRODUCTION

The Department of Radiology, University of Ottawa is now sponsoring a series of Weekend Radiology Updates in Canada along with some international week-long meetings. We are completing our first two meetings in 2009 (Musculoskeletal Imaging Update in Montreal and Cardiothoracic Imaging Update in Québec City). We hope that your busy schedule will permit you to attend one or more of these CME programs and that we can meet your educational goals. If you have special CME needs or interests, we encourage you to contact us:

www.ottawaradcme.com • info@ottawaradcme.com

UPCOMING RADIOLOGY CME COURSES SPONSORED BY THE UNIVERSITY OF OTTAWA

NEUROIMAGING/HEAD & NECK RADIOLOGY UPDATE IN MONT TREMBLANT
March 5–7, 2010 • Fairmont Tremblant

CO-COURSE DIRECTORS Cheemun Lum, MD, FRCP, University of Ottawa
Marlise Santos, MD, MSc, University of Ottawa

GUEST FACULTY David M. Yousem, MD, MBA, Johns Hopkins Hospital

CROSS-SECTIONAL IMAGING OF THE ABDOMEN AND PELVIS: AN UPDATE
May 14–16, 2010 • Fairmont Château Laurier

COURSE DIRECTORS Najla Fasih, MBBS, FRCR, University of Ottawa
Ania Z. Kielar, MD, FRCP, University of Ottawa

GUEST FACULTY Alec J. Megibow, MD, MPH, FACR, New York University
Caroline Reinhold, MSc, MDCM, FRCPC, McGill University Health Centre

MUSCULOSKELETAL IMAGING UPDATE IN QUÉBEC CITY
June 28–30, 2010 • Fairmont Le Château Frontenac

COURSE DIRECTORS Gina A. Di Primio, MD, FRCP
Kawan S. Rakhra, MD, FRCP

Enjoy the city’s historic charm at one of the world’s finest hotels. This will be a 3-day Musculoskeletal Imaging Update course. Why not consider traveling to Montreal on July 1st and also attending our Cardiothoracic CME course taking place to coincide with Montreal’s International Jazz Festival? Discounts will be offered if you take both courses.

CARDIOTHORACIC IMAGING UPDATE IN MONTRÉAL
July 2–4, 2010 • Fairmont Queen Elizabeth

Visit this cosmopolitan city during its world-famous International Jazz Festival. This will be a 3-day weekend Cardiothoracic Imaging Update course. We think you’ll enjoy this city for a variety of reasons but the gigantic summer music celebration makes it even more appealing. Please consider an entire week in Québec and attend our Musculoskeletal CME course in Québec City first.

CLINICAL IMAGING UPDATE IN REYKJAVIK, ICELAND: A CASE-BASED APPROACH
July 17–24, 2010 • Grand Hotel Reykjavik (Topics to include Cardiac, Chest, Body, Neuro & Musculoskeletal)

COURSE DIRECTORS Carole J. Dennie, MD, FRCP
Mark E. Schweitzer, MD

Iceland is a pristine wonderland abundant with natural hot springs, virgin glacial lagoons, breathtaking waterfalls and active volcanoes and geysers. Reykjavik is easy to reach with non-stop 4+ hour flights from Toronto, Halifax, New York, and Boston (plus other cities). Join us and bask in the midnight sun in July 2010!

BREAST IMAGING UPDATE IN MONTEBELLO
October 1–3, 2010 • Fairmont Le Château Montebello (Québec)

COURSE DIRECTOR Jean M. Seely, MD, MDCM

Join us for a long fall weekend at the charming Fairmont Le Château Montebello (midway between Montreal and Ottawa). You will enjoy rustic elegance at this spectacular log cabin (the largest in the world) resort.

ONCOLOGY IMAGING UPDATE IN COSTA RICA
March 12–19, 2011 • Hilton Papagayo, Costa Rica (Topics to include Oncology, Body, Neuro and Chest)

Costa Rica is friendly, peaceful and exceptionally beautiful. With one-quarter of the country either a national park or protected area, there are plenty of opportunities to explore its natural wonders. It’s a great destination for families too—check your 2011 Spring Break calendar.
PARTICIPATING FACULTY
CO-COURSE DIRECTORS
Cheemun Lum, MD, FRCP
Associate Professor of Radiology
Marline Santos, MD, MSc
Assistant Professor of Radiology

GUEST FACULTY
David M. Yousem, MD, MBA
Professor of Radiology
Vice Chairman of Program Development
Director of Neuroradiology
Johns Hopkins Hospital and Health System
Baltimore, Maryland

UNIVERSITY OF OTTAWA FACULTY
Santanu Chakraborty, MD, FRCPA
Assistant Professor of Radiology
Gina A. Di Primio, MD, FRCPA
Associate Professor of Radiology
Julie M. Hurteau, MD, FRCPA
Assistant Professor of Radiology
Children’s Hospital of Eastern Ontario
Michael S. Kingstone, MD, FRCPA
Assistant Professor of Radiology
Eoghan E. Laffan, MB, FFR
Assistant Professor of Radiology
Children’s Hospital of Eastern Ontario
William D. Miller, MD, FRCPA
Assistant Professor of Radiology
Thanh B. Nguyen, MDCM, FRCPA
Assistant Professor of Radiology
Mark E. Schweitzer, MD
Professor and Chair of Radiology
University of Ottawa
Chief, Diagnostic Imaging
The Ottawa Hospital
Carlos Torres, MD
Assistant Professor of Radiology

PROGRAM INFORMATION
FORMAT
The meeting will take place over a weekend with morning and afternoon sessions on Friday and Saturday and only a morning session on Sunday. The format includes a series of didactic lectures plus interactive case reviews.

Veuillez noter que plusieurs exposés seront présentés en anglais et en français. Le meeting aura lieu durant la fin de semaine avec des sessions en avant-midi et en après-midi les vendredi et samedi, et le matin seulement le dimanche. Les exposés seront suivis de séances de discussions et de questions avec les participants.

COUSE COURSE OVERVIEW
This weekend course will serve as a comprehensive review of relevant Neuroimaging and Head & Neck topics. It has been designed to prepare the participant to better understand imaging of the brain, spine and head & neck. Pediatric Neuroimaging concepts will also be included.

Although we will touch on some of the developments of emerging technologies, the primary focus will be on providing useful guidelines and information helpful to your daily practice.

TARGET AUDIENCE
The target audience consists of radiologists (including pediatric radiologists), residents/ fellows and technologists involved in Neuroimaging. In addition, scientists, neurologists and neurosurgeons will find this course to be beneficial.

COURSE OBJECTIVES
Upon completion of this course, participants should be able to:
• provide a differential diagnosis of mass lesions in the brain, neck & spine of adult & pediatric patients;
• differentiate between neoplastic, inflammatory and ischemic lesions in the brain and spine;
• accurately describe degenerative disorders of the spine using standardized nomenclature;
• provide imaging assessments that are useful to clinicians for staging of head and neck carcinoma;
• understand the fundamentals of the use of advanced imaging modalities in the analysis of neurological disorders;
• understand the basics of latest advances in imaging to assess neurological diseases & malformations;
• select the ideal imaging techniques for the diagnosis and management of acute and chronic brain, neck and spinal neural diseases, including pediatric neuroradiologic emergencies.

DISCLOSURES
Speakers will be requested to disclose to the audience, any real or apparent conflict(s) of interest that may have a direct bearing on the subject matter of this program.

ACCREDITATION
The University of Ottawa’s Office of Continuing Medical Education is accredited by the Committee on Accreditation of Continuing Medical Education (CACME) to provide accredited CME activities for family physicians and specialists. This event is an Accredited Group Learning Activity (Section 1) as defined by the Maintenance of Certification program of The Royal College of Physicians and Surgeons of Canada for up to 14.25 credits. Through an agreement with the U.S. Accreditation Council for Continuing Medical Education, it is also accredited for 14.25 hours of Category 1 credits towards the Physicians’ Recognition Award of the American Medical Association (AMA).

TECHNOLOGIST CREDIT
The sponsor will be submitting a request to the Canadian Association of Medical Radiation Technologists (CAMRT) for credit approval for all sessions related to technologists.

TREMBLANT IN THE WINTER

TREMBLANT
www.tremblant.ca

This is your chance to enjoy the Old World flavor of the French Alps while staying in North America. Tremblant was ranked as the East's #1 resort by Ski Magazine. The village is a quaint and colorful European-style pedestrian village with great après ski bistros and delectable gourmet cuisine, shopping and entertainment. Enjoy its boutiques, pubs, movie theatre and microbrewery or just venture out from the Fairmont Tremblant for an evening stroll along its quaint streets. It’s always festive in Tremblant.

A new village and gondola on the other side of Tremblant is open with a 21,000 square foot casino for those seeking nightly entertainment after the runs close.

SKIING AT TREMBLANT
Visit www.tremblant.ca for trail maps and mountain statistics

Trails for All Levels!
With 94 trails, Tremblant has what it takes to thrill skiers of all levels: 17 novice runs, 31 intermediate runs as well as miles of expert terrain. Tremblant promises an exhilarating on mountain experience for all! An elevation of 875 meters, skiing and boarding on 4 faces, 94 runs the longest of which is 6 km, 620 acres of skiable terrain. It’s pure pleasure!

Snow from November to April
Our abundance of natural snow, coupled with Avalanche, North America’s powerful snowmaking system with its 1037 snow guns, can turn water into dry snow in an instant.

No Lift Lines
Tremblant’s lift system is designed to handle 27,230 skiers per hour! Choose your lift! – the Gondola, high-speed quads and magic carpets for non-stop fun!

How to Pre-Order Lift Tickets and Arrange for Lessons (Recommended at least one month in advance)
Lift ticket rates for the Winter 2010 ski season will be published in Oct. 2009 (www.tremblant.ca). Lift prices are typically less than one finds at major US ski resorts. All US participants should keep in mind that the exchange rate at that time may also keep your ski and hotel costs down. The Fairmont Tremblant Concierge Desk will be handling your ski lift ticket requests and can also sign you up for group or private ski lessons and equipment rentals. You will be able to charge your tickets to your room. Please contact them at least four (4) weeks prior to the meeting start by emailing them at cmt.concierge@fairmont.com or calling the Concierge Desk at (819) 681-7689. Please identify yourself as participating in the “University of Ottawa Neuroimaging Conference”. Please note that a 72-hour cancellation fee will apply so we do suggest that you are careful when reserving your tickets & lessons.

OTHER WINTER SPORTS
If you prefer cross-country skiing, there are 300 km of trails in the Laurentians. Dog-sledding, ice climbing, ice fishing and snowmobiling are other winter activities you might enjoy.

IT’S EASY TO REACH TREMBLANT

Flying to Tremblant
Tremblant is easy to reach with direct flights from Toronto (Porter, 70-seater) and from the United States with quick direct flights from Newark (Continental, 50-seater). You will be able to fly to Tremblant on Thursday morning, arriving mid-day in time to organize your skis, check-into the hotel, and stroll the village. You may depart Sunday afternoon (or consider staying until Monday) as both Toronto and Newark offer afternoon flights on Sunday and Monday.

Visit www.mtia.ca for information on the Tremblant airport (Airport Code YTM) and click on “Air Services” for airline schedules and options. You’ll be amazed how easy it is to reach Tremblant… just a quick flight and you will be soaking in Tremblant’s European ambiance!

Upon arrival in Tremblant, we suggest that you take the airport hotel shuttle (shuttle fees are included in the $28 CAD airport fee+taxes). Reservations are suggested in advance, and full details are found on the website: www.mtia.ca along with rental car and taxi information. The airport is 36 km (22 miles, approx. 35 minutes) from the village of Tremblant.

Helpful websites:
www.flyporter.com; www.continental.com; www.mtia.ca

Driving to Tremblant or Flying Into Montreal
Tremblant is less than a 2-hour drive from both Montreal and Ottawa. Skyport offers a direct express shuttle bus from Montreal’s Trudeau Airport to Mont Tremblant; it runs several times a day during the ski season and advance reservations are needed. Please visit www.skyporterinternational.com for details, prices and reservations or call 1-800-471-1155.
HOTEL INFORMATION

FAIRMONT TREMBLANT

Fairmont Tremblant sits at the foot of the majestic Laurentian peaks, tucked into the heart of the region’s most picturesque village. The architectural masterpiece of a Mont Tremblant ski resort rooted in the legends of Québec. The Fairmont Tremblant is the only ski-in/ski-out hotel property in Tremblant. Resembling a mountain chateau, the Fairmont Tremblant is a world-class resort with tasteful accommodations, European spa and health club, all-season indoor and outdoor pools, ski valet, restaurant, lounge and café bistro. Of course, it offers the superb Fairmont service and is rated AAA/CAA Four-Diamond.

HOTEL RESERVATIONS – RESERVE EARLY!

We encourage you to reserve your room early due to the popularity of Tremblant on winter weekends. A block of rooms has been established for our group with the following special discounted rates:

- **Fairmont Rooms** ($269 CAD plus tax per night)
  The Fairmont rooms are warmly decorated and most feature two double beds; a family might consider reserving two connecting Fairmont rooms.

- **Fairmont Deluxe** ($319 CAD plus tax per night)
  Known as the largest room at Fairmont Tremblant, these rooms are very spacious with their sitting area including a sofa bed and an armchair. Uniquely designed rooms, they are the perfect option to accommodate a family for up to six people.

- **Junior Suite** ($379 CAD plus tax per night)
  Charming and comfortable, Junior Suites are ideal for guests and families looking for a spacious semi-private bedroom combined with a living room with a sofa bed. In addition, the hotel features mini-suites (some with kitchens), junior suites with kitchens and one-bedroom suites and you may inquire about rates if you are interested in these room categories.

HOW TO RESERVE YOUR ROOM

Please reserve your accommodations no later than December 19, 2009 to avoid disappointment as most of our room block will be released to the public on this date. However, there will be a limited number of rooms available between December 20-January 20, 2010.

The easiest way to reserve your room is to this website customized for our group:

https://resweb.passkey.com/go/ottawaradiology

Alternatively, you may call Fairmont Reservations at 1-800-441-1414 or (819) 681-7614 and mention this code for your group rate: UNOTR

Current taxes are 3% Accommodations Tax, 5% GST and 7.5% Provincial Sales Tax. Each extra person (over 18) sharing a room will be charged an additional $50 CAD per night.

CHILDREN’S POLICY

The Fairmont encourages you to bring your children and there will be no no charge for children up to and including 18 years who share with their parents. Max occupancy is 4 persons per room.

SPECIAL ACTIVITIES FOR THE FAMILY

**Friday Wine & Cheese Reception** immediately following the Friday afternoon meeting sessions; registrants and family members are invited to an informal Wine & Cheese Reception to meet and mingle with the course faculty.

EXTENDING YOUR STAY WITH FAIRMONT

www.fairmont.com

Our room rates will apply three days prior (and after) our CME meeting so you are welcome to consider extending your ski weekend. If you are flying through Montreal and want to stay in the city for a few days, why not consider the Fairmont Queen Elizabeth?
PROGRAM INFORMATION

FORMAT
All-day session on Friday, May 14th and Saturday, May 15th and half-day session on Sunday, May 16th.

TARGET AUDIENCE
Our target audience includes radiologists interested in cross-sectional abdominal and pelvic imaging along with oncologists, referring physicians, residents/fellows and technologists involved in body imaging diagnoses and applications.

COUROCSE OBJECTIVES
Upon completion of this course, participants should be able to:

• Recognize roles of CT and MRI for diagnosis and staging of gynecologic and colorectal malignancies.
• Describe the complimentary role of US, CT, and MRI to formulate an effective differential diagnosis for genitourinary and adrenal neoplasms as well as retroperitoneal processes.
• Discuss specific cross-sectional imaging features of neoplastic and non-neoplastic hepatic, biliary and pancreatic conditions.
• Diagnose causes of an acute abdomen in pregnant and non-pregnant patients.
• Implement practical strategies for contrast use in renal-impaired populations.

DISCLOSURES
Speakers will be requested to disclose to the audience, any real or apparent conflict(s) of interest that may have a direct bearing on the subject matter of this program.

ACCREDITATION
The University of Ottawa’s Office of Continuing Medical Education is accredited by the Committee on Accreditation of Continuing Medical Education (CACME) to provide accredited CME activities for family physicians and specialists. This event is an Accredited Group Learning Activity (Section 1) as defined by the Maintenance of Certification program of The Royal College of Physicians and Surgeons of Canada for up to 17.5 credits. Through an agreement with the U.S. Accreditation Council for Continuing Medical Education, it is also accredited for 17.5 hours of Category 1 credits towards the Physicians’ Recognition Award of the American Medical Association (AMA).

TECHNOLOGIST CREDIT
The sponsor will be submitting a request to the Canadian Association of Medical Radiation Technologists (CAMRT) for credit approval for all sessions related to technologists.

(1) Discounted Fees apply to residents, fellows, technologists and all physicians residing permanently outside of North America.

This meeting will be Friday and Saturday (full-days) and Sunday (half-day) with discounts available to participants attending all three days. Reduced fees have been established for residents/fellows and technologists. Fees include daily continental breakfasts, breaks, course syllabus and materials along with a Welcome Reception for registrants, speakers and family members on Friday evening. We encourage participants to register early to avoid disappointment.

REGISTER ON-LINE AT WWW.OTTAWARADCME.COM

CANCELLATION POLICY FOR REGISTRANTS

Written notification of cancellation must be received via email 30 or more days prior to the start of the course. Refunds are possible, subject to a $50 cancellation fee ($25 for daily registrants). Cancellations made within 30 days are subject to a $100 cancellation fee ($50 for daily registrants). Note email address to send cancellation notice: info@ottawaradcme.com

COURSE CANCELLATION POLICY

The University of Ottawa CME reserves the right to cancel courses. Registrants will be notified at the earliest possible date in the event of a cancellation. Registration fees for courses cancelled by the University of Ottawa CME will be refunded; however, the University of Ottawa CME will not be liable for any loss, damages or other expenses that such cancellations may cause.

OTTAWA INFORMATION

One of Canada’s Best-Kept Secrets!

Elegance, distinction and charm are three words which perfectly describe Ottawa and its Grande Dame of hotels, the Fairmont Château Laurier. Brimming with history and tradition, Canada’s capital city offers world-class art, culture and entertainment. With stunning national monuments, outstanding architecture, beautiful green spaces and the Rideau Canal lined with lush gardens and walking/biking paths, Ottawa is a wonderful walking city. We encourage you to take a guided tour of Parliament and to visit the National Arts Centre, National Gallery, the Canadian Museum of Civilization and Rideau Hall (the official residence of the Governor General). You may also enjoy the Royal Canadian Mint, the Canada Science and Technology Museum or the Casino-du-Lac Leamy. If you enjoy nature, Ottawa is a city of gardens and parks. Additionally, the Gatineau Park is only 15 minutes from the hotel, with 200 km (125 miles) of trails, forests and lakes. And you won’t want to miss taking a scenic boat cruise along the Ottawa River just steps from our hotel.

OTTAWA’S ANNUAL TULIP FESTIVAL

The World’s Largest

May was chosen for this CME course as millions of tulips brighten the city during the Annual Tulip Festival (www.tulipfestival.ca). This 19-day festival features not only beautiful flowers throughout the city but also concerts, lectures, special events such as the International Pavilion with crafts, culture and entertainment organized by 25 different embassies, the Tulip Ball (an evening of dancing and dining) and various types of family entertainment.

Cross-sectional imaging of the abdomen & pelvis: an Update • May 14–16, 2010
Located in the heart of Canada’s capital next door to the Parliament Buildings and Rideau Canal, the landmark Fairmont Château Laurier is a magnificent limestone edifice with turrets and masonry reminiscent of a French chateau. Built in 1912 in the style of a 16th century French chateau, its elegance and outstanding service make it the hotel to choose for your visit to Ottawa. Inside, the Château is equally impressive. The hotel features an elegant dining room, piano lounge plus a seasonal outdoor terrace plus health club and indoor art-deco pool.

The Byward Market, Ottawa’s first public market established in 1826, is easily accessible one block from the hotel for your enjoyment as well. Within an area four blocks square, you will find a bustling area for gastronomical pleasures, complete with local farmers and artists, entertainers, museums, cafes, specialty food shops, boutiques, galleries, restaurants, pubs and more. You’ll have time at lunchtime to enjoy this area.

HOTEL RESERVATIONS – RESERVE EARLY!
A block of rooms in the Fairmont Category have been reserved for our group at a rate of $226 per night (single/double). These luxuriously appointed rooms have city, courtyard or views of Major’s Hill Park and are 375-400 sq ft in size. If you have a preference for another category, please call the hotel for rates and availability. They also offer Fairmont with View (same size but a guaranteed view of Parliament Buildings/Rideau Canal) and Deluxe Rooms (450-500 sq ft including sitting area).

Please reserve your accommodations no later than April 12, 2010 to avoid disappointment. We suggest that you reserve even earlier as our block could already be full. The easiest way is to visit the following website customized for our group: https://resweb.passkey.com/go/radiology

Alternatively, you may call Fairmont Reservations at 1-800-441-1414 or 613-241-1414 and mention this code for your group rate: RADMAY

Current taxes: Current taxes are 3% Accommodations Tax, 5% GST and 7.5% Provincial Sales Tax. Each extra person (over 18) sharing a room will be charged an additional $40 CAD per night.

CHILDREN’S POLICY
The Fairmont encourages you to bring your children and there will be no no charge for children up to and including 18 years who share with their parents. Max occupancy is 4 per room.

SPECIAL GROUP ACTIVITIES
• A Welcome Reception is scheduled for Friday evening (5-6 p.m.) for all registrants, speakers and family members.
• A Private Guided Tour of Parliament (located next door to the hotel) will be arranged over the weekend for our group (up to 50 persons) but, at the time of preparing the brochure, the exact time cannot be arranged until the 2010 Senate/House of Commons schedules are known. We will post details to our website in the Fall/Winter.
• As the hotel is located next to the Rideau Canal, we suggest that you consider walking, biking or jogging the path during your stay. With this in mind, we’ll offer sign-up sheets at the registration desk for all three activities so that you can join up with others in our group. Bike rentals are conveniently located near the hotel.

TRAVEL TIPS
Flight times to Ottawa are only 55 min from Toronto, 1 hr 10 min from Detroit, 1 hr 20 min from NYC and 1 hr 40 min from Chicago. The Ottawa International Airport is located 15 km (10 miles) from the hotel. The Airport Shuttle is available (www.yowshuttle.com) and reservations are suggested (allow 40 minutes). Taxis are also available (approximately $25 each way). The Ottawa Via Rail Station is located 6 km (3 miles) from the hotel with taxi service available (approximately $10 each way). If you are driving to Ottawa, directions are found on the hotel’s website and parking is available at the hotel.

EXTENDING YOUR STAY WITH FAIRMONT
www.fairmont.com
If you want to extend your stay, our room rates will apply three days prior (and after) our CME meeting.
THURSDAY, MAY 13, 2010
6:00–8:00pm Advance Registration (for those arriving Thursday evening)

FRIDAY, MAY 14, 2010
7:00–7:40am Registration & Continental Breakfast
7:40–7:45am Welcome & Introduction
    Moderator: Ania Z. Kielar, MD, FRCPC
7:45–8:15am CT Colonography: Rationale, Indications & Technique
    Cynthia B. Walsh, MD, FRCPC
8:15–8:45am Colon Cancer: A Review of Epidemiology & Mass Screening
    Ania Z. Kielar, MD, FRCPC
8:45–9:15am Role of CT in Colon Cancer Screening
    Cynthia B. Walsh, MD, FRCPC
9:15–9:45am MRI of Rectal Cancer Staging
    D. Blair MacDonald, MDCM, FRCPC, Dipl Epi
9:45–10:00am Questions & Discussion
10:00–10:15am Coffee Break
10:15–10:45am MDCT of Pancreatic Adenocarcinoma
    Alec J. Megibow, MD, MPH, FACR
10:45–11:15am MR imaging of the Biliary Tree
    Caroline Reinhold, MSc, MDCM, FRCPC
11:15–11:45am MDCT Evaluation of Pancreatitis
    Alec J. Megibow, MD, MPH, FACR
11:45–12:15pm Questions & Discussion
12:15–12:30pm Lunch On Your Own
12:30–1:45pm (ENGLISH) Case-Based Teaching: MR Pelvis
    André Olivier, MD, FRCPC
1:45–2:15 pm (ENGLISH SESSION)

SATURDAY, MAY 15, 2010
7:00–7:40am Registration & Continental Breakfast
7:40–7:45am Welcome
    Najla Fasih, MBBS, FRCR (Moderator)
7:45 – 8:15am An Update on Contrast Induced Nephropathy
    Swapnil S. Hiremath, MD, MPH
8:15–8:45am An Update on Nephrogenic Systemic Fibrosis
    Najla Fasih, MBBS, FRCR
8:45–9:15am Renal Masses: Multi-Modality Characterization
    D. Blair MacDonald, MDCM, FRCPC, Dipl Epi
9:15–9:45am Adrenal Imaging: Multi-Modality Characterization
    Matthew D.F. McNees, MD, FRCPC
9:45–10:15am MDCT Enterography: Current Status
    Alec J. Megibow, MD, MPH, FACR
10:15–10:30am Questions & Discussion
10:30–10:45am Coffee Break/Case Quiz
10:45–11:15am MDCT in Non-Neplastic Colonic Disorders
    Alec J. Megibow, MD, MPH, FACR
11:15–11:30am Questions & Discussion
11:30–12:45pm Dîner libre

SUNDAY, MAY 16, 2010
7:00–7:55am Registration & Continental Breakfast
7:35–7:55am Réponses au quiz
    André Olivier, MD, FRCPC
7:55–8:00am Welcome
    Ania Z. Kielar, MD, FRCPC (Moderator)
8:00–9:00am Case-Based GU Infections
    Drs. Matthew D.F. McNees and Cynthia B. Walsh
9:00–10:00am Case-Based Acute and Chronic Retroperitoneal Processes
    Wael M. Shabana, MBBBCH, MSc, MD, PhD
10:00–10:15am Questions & Discussion
10:15–11:15am Coffee Break
11:15–11:45am Review of Quiz Case Answers English
    André Olivier, MD, FRCPC
11:45—Noon Program Evaluation, Quiz Case Award Presentation and Adjournment

CANCELLATION POLICY FOR REGISTRANTS

Written notification of cancellation must be received via email 30 or more days prior to the start of the course. Refunds are possible subject to a $50 cancellation fee ($25 for daily registrants). Cancellations made within 30 days are subject to a $100 cancellation fee ($50 for daily registrants). Note email address to send cancellation notice: info@ottawaradcme.com

COURSE CANCELLATION POLICY

The University of Ottawa CME reserves the right to cancel courses. Registrants will be notified at the earliest possible date in the event of a cancellation. Registration fees for courses cancelled by the University of Ottawa CME will be refunded; however, the University of Ottawa CME will not be liable for any loss, damages or other expenses that such cancellations may cause.

MAIL REGISTRATION & CHEQUE TO:

CME Program Coordinator
The Ottawa Hospital (General Campus)
Department of Radiology
501 Smyth, Module S
Ottawa, ON K1H 8L6
Canada
